Index  
Through Summer 2010

Issue abbreviations:

F = Fall

W = Winter

Sp = Spring

Su = Summer

For example, the issue/year/page abbreviation for “Autumn romance pullover. Crochet: F07, 70-73” is translated as Crochet, Fall 2007, pages 70.73.

This index also includes references to articles and patterns on the website, some of which are for subscribers only. Some of these are reprinted from the magazine; others appear only on the website.

The first issue of Crochet magazine appeared in Fall, 2007. This index also included all of the special issues of Knits magazine devoted to crochet before Crochet became its own publication. For example, “City Stripes. Knits (Crochet): special issue F06, 90” is translated as the special issue of Knits, labeled “Interweave Crochet,” Fall 2006, p. 90. Holiday issues and issues dated with simply the year were published early on, and are indexed as such.

Website = [www.interweave.com/](http://www.interweave.com/)

Sub-only website = the subscriber-only area of our website. To view these patterns, enter the password from the current issue.

Corrections often appear in later issues of Crochet and Knits magazine, and the index indicates these. Many corrections, including the most up-to-date ones, are also found on the website.
